WORK EXPERIENCE

Fullstack Web Developer/Designer

NOSUCHTHING training

November 2017 – Present
Toronto, Ontario, Canada

Frontend: React, HTML5, SCSS

Backend: Express, Node, MongoDB

- Conceptualized and built an online presence/brand identity for a budding hybrid/online training fitness startup.
- Fixed existing issues and consolidated multiple disconnected components into a cohesive system built from the ground up.
- Collaborated with the client to develop an elegant and streamlined user-experience.

Software Engineering Intern

Nissan Motors

June 2017 – August 2017
Guangzhou, Guangdong, China

Frontend: Javascript (Vanilla/JQuery), HTML5, CSS

Backend: Java (Spring/Maven/JSP/Tomcat), SQL (MySQL/Oracle)

- Contributed towards the development of an API for SMS/WeChat services.
- Automated data validation and resumption for corrupt or interrupted customer data processing.
- Implemented and debugged various user-facing and backend components and services.

Graphic Design Intern

In the Cut (ITC) Integrated Marketing

November 2013 – January 2014
Shanghai, Shanghai, China

Photoshop, Illustrator, InDesign, HTML, CSS

- Designed graphics for web, print, and retail materials for various high-profile clients.
- Aided with concept development for marketing materials.
